

## SHL-Training Program

**Basic training**  
for grinding and polishing applications

**Robot programming 1**  
for grinding and polishing applications  
KUKA, Fanuc, ABB

**Robot programming 2**  
for grinding and polishing applications  
KUKA, Fanuc, ABB

**KRC4 Robot programming 1**  
Programmieren eines KUKA Roboters

**KRC4 Robot programming 2**  
Programmieren eines KUKA Roboters

**Individual training**  
Operators and experts  
Offline / Simulation  
Maintenance mechanical / electrical

### On a single glance

- Certified training centre
- „KUKA COLLEGE“
- Qualified education and further training for operators, system commissioners and programmers
- robotics in grinding and polishing,
- robotics in handling applications
- In-house trainings – right at your company!

**We don't just supply first-class equipment: we also show you how to use it.**
